Welcome: Lisa Jensen

Has anyone done Web Training? No

Amend the School Plan- Kyle
Presented Current Plan.

Budgeted for reading Plus \$13,333 but the full three year subscription was paid last year and so this money needs to be reallocated. With this and money that won't be able to spend on Instructional Aides there will be approximately \$25,000 we can spend.

Possible uses discussion:

PBIS

New math teacher salary

More labs: Chromebook possibly combine with foundation money.

Motion made to amend the Trustlands plan by Marci Lemonnier seconded by Paul Caldarella

Discussion: None

Vote was unanimous to pass.

Motion made to purchase 1 Chromebook Cart by Paul Caldarella Second By Marci Lemonnier

Discussion: Where does this new cart go? It will be used by the Performing Arts Department.

Is there anything else on the radar that this money could be used for. No not really.

Vote to buy new Chromebook Cart passed unanimously.

The council has tabled how to use the rest of the money for a later discussion to see what needs arise. Paul brought up a mental health app that BYU uses.

New Mini Grants- None applied for. Emily will send an e-mail to advertise.

Digital Citizenship:

In January we will have a Screenagers Presentation. There will be a parent forum January 16 and an assembly on January 24. All parents in the district are invited to the parent forum.

Safe Routes to School:

Adrienne and Marci presenting

Adrienne: Concerns from PTA meeting: Students on busy roads University Ave etc. not crossing the safe way.

The city has agreed to a light and crosswalk at 2320 & 2230 where are we on that? City said summer of 2020 at the earliest.

We can send information out to parents and share the safe walking routes but because we are a secondary school we will not have crossing guards. It is up to the parents to educate their children on the safest way to school.

Next meeting: December 17 at 1:50 PM in the Conference Room
